Dr Jameel Gardee BDS CAGS

Dr Jameel Gardee BDS (Glas) CAGS (USA) is one of the partners at the Glasgow Smile Clinic. He completed his post grad studies at Boston University in 2001 where he was a Resident in the Goldman School of Dental Medicine. He graduated with a CAGS in Advanced Restorative and Cosmetic Dentistry, is certified in 4 different implant systems and has trained with the world leaders in Cosmetic dentistry.

Dr Abdul Mateen Cathcart BDS

Abdul Mateen graduated from Glasgow in 1995 with Distinction and Commendation. He purchased the surgery after graduation, running it single handed. He was joined in 2000 by Jameel after completing his post graduate studies in USA. Together, Abdul and Jameel developed the practice into the Glasgow Smile Clinic. Abdul is currently the Clinical Director and focuses his attention on Child Care and Preventative Dentistry.

Dr Haroon Sher BDS

Dr Haroon Sher graduated from Glasgow University with Honours and the distinction of being the awarded the prestigious Glasgow University Quaich before joining the Glasgow Smile Clinic as partner in 2011. He is a certified Inman Aligner provider and has a special interest in Restorative and Cosmetic dentistry.

WHY HAVE WE INTRODUCED THE GLASGOW SMILE CLINIC DENTAL PLAN?

We are always interested in making our services as accessible and affordable as we can for all patients. With that in mind, we thought very carefully about how we can help you to budget for your dental health. We have introduced our Glasgow Smile Clinic Dental Plan as it is our aim to take positive steps to ensure your dental health is never a compromise. We believe the Glasgow Smile Clinic Dental Plan will make it easier for you to maintain good oral health from as little as **49 pence a day!**

By visiting regularly on a budgeted plan you could avoid problems and ensure the best chance of being dentally healthy.

WHO IS OUR DENTAL PLAN FOR?

You! If you want to safeguard your smile and ensure long term oral health you need a preventative programme.

Research has shown that members of the population who attend their Dentist and Hygienist regularly have healthier teeth and gums and require less dental treatment than those who do not attend regularly.

It's simple, don't let your oral health fall into a poor state and you could avoid having to pay for treatments (including crowns, fillings, etc). Having the regular check-ups included in this plan could prevent problems. And spreading the cost with a monthly Direct Debit makes this plan the simplest way to pay for your preventative oral health programme.

As an additional benefit, we have incorporated a dental accident and emergency insurance element to give you complete peace of mind.

WHAT IS THE DENTAL ACCIDENT AND EMERGENCY INSURANCE?

What would happen if you had a serious accident while at home or abroad? Could you afford to pay for potentially expensive dental treatment?

The cost of your dental accident and emergency insurance is included in your monthly payment and it covers you for:

- Accidental damage to your teeth resulting from a fall, an accident, a blow or trauma.
- Emergency treatment when away from home anywhere in the world, or outside of normal surgery hours.

MUST I HAVE GOOD DENTAL HEALTH TO JOIN?

We do not assess the current condition of your dental health as a prerequisite of joining and you will not have to undergo any expensive treatment programmes to gain membership.

HOW CAN I JOIN?

All you have to do is complete a registration form and Direct Debit mandate. In addition to your first monthly payment, a one-off set-up fee of £10 will be charged and will be included in your first Direct Debit payment.

ANY QUESTIONS?

If you have any questions about our plan, please contact our reception team who will be happy to provide further information and guidance.
